AMUSEMENT RIDE RE-CERTIFICATION INSTRUCTIONS

1. The owner/operator will need to obtain two (2) copies of the final inspection report from the third-party (QAA) inspection agency. The third-party (QAA) agency must be approved by the Clark County Department of Building and Fire Prevention Bureau to perform amusement ride inspections. The report is to be signed and stamped by the principal of the special inspection agency (Nevada licensed professional engineer).
2. It will be the owner/operator's responsibility to obtain a copy of the "Application for Amusement/Transportation Ride Operation Certificate". This form can be downloaded from the City of Las Vegas' website, www.lasvegasnevada.gov
3. The owner/operator will need to submit items 1 & 2 to the Dept. of Building & Safety at the Development Services Center located at 333 N. Rancho Street. Renewal fee and an administrative issuance fee are required at this time.
4. The documents will go through a structural review and review by the City of Las Vegas Inspection Supervisor; and if approved, the owner/operator will be informed that the permit card and the "job site set" of documents are ready for pickup. The owner/operator will schedule a 140 (final building inspection) and contact the area inspection supervisor to make an appointment to review the documents and sign off the inspection card.
5. The owner/operator will submit the inspection card to the Dept. of Building & Safety. This can be dropped off at the information counter or mailed to:

City of Las Vegas
Dept. of Building & Safety
Amusement Ride Re-Certification
333 North Rancho Dr.
Las Vegas, NV 89106

A ride operation certificate will be issued as soon as the submittal is processed by an Office Specialist.

Note: Ride Certification Renewals are required on an annual basis.
